

NEWS FROM BRITISH STEEL BRANCH 403

Your Branch Committee last met at the end of April 2025. We try to hold physical meetings in or near former steelmaking etc. areas where there are concentrations of Branch members and this one took place in West Cumbria. The next physical meeting was scheduled for September 2025, in Crewe, when we also plan to hold the 2025 Branch Annual General Meeting. Committee members and Branch Officers will be formally elected at the AGM.

Your Branch is always on the lookout for new members and especially Committee members to provide some succession to our ever-ageing bunch. Anyone who may be interested is warmly invited to contact either the Secretary or indeed any of the Branch Officers listed below.

Meantime, your Branch will be actively participating in NFOP's forthcoming (online) 2025 Annual Conference.

Ken Rees
Branch Chairman

David Boyd
Branch Secretary

We list below our Officials and local Representatives.
